Hi Kristine –

Per your request, attached find excel and .pdf versions of a table that lists the Portland Harbor RI/FS reports where data generated during RI Rounds 1, 2, and 3 were reported. This table is a modification of a similar table included in RI Section 2 (Table 2.1-1). The attached table includes the full citation for each report. The table is organized by media (i.e., sediments, surface water, etc.) and then Round, Task, and Year sampled.

Please contact me or Jim if you have any questions.

Thanks,

Gene

Good morning Kristine. Integral is our gatekeeper for all the data so I'm adding Gene to this email chain. Are you looking for a list of all data (sediments, SW, and biota), or just sediments? Thanks, Jim.

Subject: Portland Harbor Data

Jim – I seem to only have some data reports, but they don't seem to cover all the data collected in rounds 1, 2 & 3. Can you confirm that there were data reports provided for all data and provide a list of those documents? I'd like to have this by 12/22.

Thanks,

Kristine Koch
